

ROBUSTA & VIVISTA

RETRACTABLE WINDOW SOLUTIONS

A **FUTUREGUARD** COMPANY

Robusta

RETRACTABLE AWNINGS FOR WINDOWS

- Controls solar heat gain, light & glare
- Rolls open for partial coverage or flat for full coverage
- Elegant and stylish

THE ROBUSTA UTILIZES A UNIQUE ARM TENSIONED FABRIC TO PROVIDE SUN PROTECTION TO REDUCE HEAT GAIN. WHEN YOU PREFER TO LET THE LIGHT IN, SIMPLY RETRACT THE AWNING USING A HAND CRANK OR OPTIONAL ELECTRIC MOTOR.

- » Powder coated frame, your choice: White, Almond, Bronze, Sand or Black/Brown
- » Heavy duty construction for larger window applications
- » Adjustable from 0° to 160° for complete sun and shade control
- » Optional WeatherGuard™ protects the awning fabric roll
- » Several awnings may be connected together and be operated simultaneously with gear (manually) or motor
- » Available in 200+ fabric patterns and colors
- » The Robusta can be mounted on the wall or soffit
- » See nuimagepro.com for warranty details

Wall mounted assembly (including WeatherGuard™):	7¾" deep x 6" high
Projection:	2' to 5'
Maximum width:	26' with no fabric split
Coupled units:	Up to 46' wide with hand crank or motor
