

## RESIDENTIAL

A **Retractable Awning** is touted as being the “most ultimate state-of-the-art awning system on the market today.”

**Standing seam awnings** add architectural detail to any buildings or storefront while dropping your cooling costs and providing protection from the New England elements.

“most ultimate  
state-of-the-art  
awning system  
on the market  
today”

One of the benefits of this **Corradi system** is that not only is the waterproof top retractable but the sides can easily be closed for a little more privacy and relief from the elements.

## SIGNAGE

### Graphic Design

At NH Awning, we design with just that concept in mind. Whether it's adding a full color photo to the face of your canvas canopy or vinyl lettering to your storefront windows, we will deliver eye-catching graphics that give new life to your business.

Looking for a specific color?

NH Awning can match pantone numbers and custom print canvas or vinyl to meet your needs. Our eco-solvent printer along with our SGS Machine (Sunbrella Graphics System) will set your awning and signage apart from the rest.

**“set your  
awning &  
signage  
apart from  
the rest”**

## COMMERCIAL

### Patio Combo

KE Glass Windscreens

KE Triumph Retractable Awning

Around the clock backlit business promotion as well as shade and curb appeal with a **stationary awning**.

This patio enclosure makes you wonder why every restaurant doesn't utilize this incredible concept.
